Welcome

We would like to welcome you to the Costa Brava for the 44th edition of MEDIGAMES.

The **Costa Brava** is a tourist destination with a wealth of experience in the art of welcoming visitors. With **5 magnificent natural parks, 220 km of coastline** and **245 beaches and coves**, but also 500 listed elements of heritage interest: **Salvador Dalí** and the Dalí Triangle, **Girona**, our Cultural capital, charming fishing villages, medieval towns scattered throughout the area, popular traditions and surprising folk festivals and, of course, its famous "**sea and mountain**" gastronomy, the Costa Brava is a destination capable of satisfying the expectations of every visitor.

In addition, the region combines sport and tourism in a truly complementary way. It is a leading sporting destination, hosting international events in all the main disciplines, training courses for amateurs and professionals alike, as well as privileged training camps for elite international athletes. Alongside this, there is a powerful tourism industry that offers quality services and infrastructure, as well as excellent and modern sports facilities.

The **Girona Provincial Council**, through the **Patronat de Turisme Costa Brava Girona**, hopes that MEDIGAMES 2025 will be a resounding success and invites all the organisers, athletes and accompanying persons to discover the Costa Brava during their stay.

We look forward to welcoming you! Health and sport!

We wish you all the best!

**Adrià
LAMELAS MARTINEZ**

Mayor of Lloret de Mar

Pierre LUSINCHI

Chairman of the Organising Committee of the World Medical and Health Games, CEO of Corporate Sport Organisation.

Dear athletes,

Welcome to the Costa Brava!

After a summer of sport in 2024 "made in France" with the MEDIGAMES in June in Saint-Tropez and the XXXIII Olympiad of Modern Times in Paris, we are delighted to welcome you to our neighbours in Catalonia to celebrate the **44th edition of the World Medical and Health Games.**

We look forward to welcoming you to Lloret de Mar, on the Costa Brava, on the Mediterranean coast. Easily accessible, especially from Barcelona International Airport, the region has everything you need for an unforgettable week:

- Sandy beaches, turquoise waters, typical villages, lively nightlife, outdoor activities.
- Fine food and so much more.
- The city of Lloret de Mar, which will be the centre of this 2025 edition, has all the attributes to meet your greatest sporting challenges. The city has a strong sports focus and its infrastructure is perfectly suited to MEDIGAMES.

Imagine, for example, that the **Games centre** (Hôtel L'Azure) will be within walking distance from: the athletics stadium, the Olympic swimming pool, the padel courts, the judo hall, the open water swimming venue and the three football pitches we have reserved for the event.

With no less than 350 participants, the International Sports Medicine Symposium in 2024 was a great success. In collaboration with the Scientific Committee, we have decided to repeat the same format: **4 sessions** will be offered to enrich this sporting week with scientific content.

Accompanied and supported by the local authorities, the entire CSO team looks forward to seeing you in Catalonia, where together we can write a new chapter in the fabulous history of MEDIGAMES.

COSTA BRAVA

Costa Brava
Pirineu de Girona

This emblematic coastal region, which stretches from Blanes to Portbou in north-eastern Catalonia, Spain, is full of natural treasures. Its name means 'abrupt coast' in Catalan, in reference to its rocky coastline. It's a place where meet turquoise coves to create a spectacular and colourful landscape. The coast is dotted with small bays, ideal for swimming or simply relaxing.

The authentic, picturesque villages along the coast add to the region's Mediterranean charm, with their white houses and cobbled streets.

As the birthplace of Salvador Dalí, the Costa Brava boasts a rich cultural and historical heritage. In particular, you'll be able to explore a series of medieval castles from the time when the Girona region was a frontier between the Arab and Christian worlds.

In this 44th edition, we'll have the pleasure of taking advantage of this idyllic setting by heading to Lloret de Mar.

LLORET DE MAR

Located to the south of the famous Costa Brava, Lloret de Mar is the ideal destination for a good time. This jewel of the Mediterranean coast is renowned for its magnificent beaches, crystal clear waters and festive atmosphere. Day or night, there's something for everyone!

Between land and sea, the city offers a multitude of possibilities. You can enjoy a wide range of water sports such as jet skiing, diving and sailing, as well as walking, exploring the various trails that run along the coast or through the forest.

You won't have any trouble finding a bar or restaurant where you can relax with a drink or a good meal, the culinary offer is very wide and varied!

PALAFRUGELL

Visit PALAFRUGELL.cat
CALELLA • LLAFRANC • TAMARIU • LLOFRIU

Although most of the sporting events will be held in Lloret de Mar, we will also be using the facilities in Palafrugell for some of the athletics events, so it's a good opportunity to visit the area! Located 45 minutes from the centre of the Games, the town boasts an exceptional natural setting.

Come and discover this charming city and enjoy its magnificent beaches and coves, its typical Catalan cuisine and its cultural and historical heritage. The centre of Palafrugell, which is full of cultural and commercial activities, is completely pedestrianised, so you can stroll around at your leisure.

SPORTS TOURISM IN COSTA BRAVA

In the Costa Brava and the Girona Pyrenees, we've discovered the key to enhancing athletic performance: a dual focus on superior training and thorough recovery.

Our region boasts state-of-the-art sports facilities amid a natural environment with ideal topography and climate, perfect for refining physical readiness and participating in outdoor sports.

Achieving peak performance requires meticulous recovery, and that's where specialized accommodations and service providers step in, offering tailored services to expedite the absorption of intensive training.

Join us on Costa Brava Training Camps and discover all we have to offer.

Why choose? If you can have it all

Now comes the excitement of choosing from so many options to go on holidays, but it is also the start of a juggling act to balance the needs of those who want to take it easy with those who are looking for more thrilling activities. Some want the heat, others don't; some love the beach, others prefer the mountains. Luckily, there is a destination that has it all: the Costa Brava and Girona Pyrenees.

A WELL - CONNECTED DESTINATION

Less than an hour from Barcelona, on the western Mediterranean and close to the French border, you'll find one of Spain's hidden gems that many people have yet to discover, but those who have been here have all fallen in love with it. This region offers diversity, beauty and authenticity. It is also very easy to reach by land, sea or air. But best of all, it is a destination where you don't have to settle for the beach or the mountains, adventure or relaxation. In the Costa Brava and Girona Pyrenees, you can have it all. You can live twice the fun.

WHAT DO YOU LIKE TO DO?

Culture, nature, wine and gastronomy, sport, wellness and leisure... Choose what you like best because everything is less than two hours away by car.

In fact, if you like, one day you could get up early in a charming traditional house beside the sea and by midday be soaking your feet in a high-mountain lake in the Pyrenees. And if you still have energy after that, you could round off the day at a concert by your favourite artist in one of the Costa Brava's spectacular gardens. Or visiting Salvador Dalí family's house in Figueres and Dalí and Gala's house in Cadaqués. Surreal, right? Definitely!

TRADITIONAL AND CREATIVE CUISINE

The sea and mountains offer us a wide variety of landscapes that are reflected in the local products, including our famous 'sea and mountain' cuisine which perfectly combines ingredients from all over the region. This cuisine has been developed in traditional kitchens and the most experimental and avant-garde ones by pioneering chefs Ferran Adrià at his restaurant El Bulli and the Roca brothers at El Celler de Can Roca. A wide range of cuisine can be enjoyed at the region's 12 restaurants with 17 Michelin stars between them.

COASTAL OR MEDIEVAL?

In the Costa Brava and Girona Pyrenees, the possible plans are infinite. It's what

comes with forming part of a region with 245 beaches of all types, the most Mediterranean and lushest mountains in the Pyrenees, eight natural parks and countless medieval towns and fishing villages that exude history from every stone. So, now that you know everything, close your eyes and think about it. Do you want to enjoy just one type of summer holiday, or would you prefer two?

Congratulations!
Your journey has just begun.
