Welcome to Medulin and MEDIGAMES 2026!

It is a great honor and pride for us to welcome you to Medulin, a place where sport and nature come together in the most beautiful part of the Istrian peninsula in Croatia. Hosting MEDIGAMES is a privilege for our municipality and an opportunity to demonstrate our commitment to health, well-being and international cooperation.

This year's edition is truly special as it brings together not only our town, but also our dear neighbors in Pula, who will proudly host several competitions. We would also like to thank the City of Pula for their cooperation.

While enjoying the Games, we invite you to discover the unique charm of Medulin: its coastline shaped by crystal clear sea, sandy, pebble and rocky beaches and quiet coves; its welcoming community; and its vibrant outdoor atmosphere. Whether you prefer swimming in the protected landscape of Cape Kamenjak, ranked by Lonely Planet as one of the most beautiful beaches in the Mediterranean, sipping cocktails on the sandy Bijeca beach, exploring the Vižula archaeological park or the energy of our sports facilities, Medulin offers the perfect balance between competition and relaxation.

Take time to explore the wider Istrian region, a land rich in history, culture and Mediterranean flavours. From the ancient Roman amphitheater in Pula to picturesque hilltop villages and unforgettable Adriatic sunsets, Istria is a place where tradition and modernity live in harmony.

We hope you will feel at home here, surrounded by our hospitality and inspired by our landscapes. May these Games be a moment of sport, friendship, discovery and unforgettable memories for each of you.

We wish you much success in the competition and a wonderful stay in Medulin, Pula and all of Istria. Welcome to MEDIGAMES 2026!

Dear athletes,

Welcome to Croatia, in the heart of the beautiful Istrian peninsula!

Following a magnificent event on the Spanish Costa Brava, which brought together over 1,200 healthcare professionals from around the world, we are delighted to welcome you to the sunny Adriatic coast, in Pula-Medulin, to experience another unforgettable sporting, scientific and human adventure.

Easily accessible from the airports of Venice, Zagreb, Trieste, Ljubljana or Pula, the region captivates visitors with its authenticity, unspoilt nature and rich historical and gastronomic heritage. There is no better place to fully experience the spirit of the MEDIGAMES: a passion for sport, sharing with colleagues from all over the world and conviviality.

Once again this year, most of the sporting competitions will be within walking distance from the accommodation selected by our organisation, so this new edition promises to be another exciting one. We wish you all a wonderful Games, full of thrills, new encounters and success.

The entire CSO team joins me in looking forward to seeing you in Croatia to continue writing, together, the fabulous history of the World Medical and Health Games.

PARTICIPATIONS

“For me, the MEDIGAMES are an opportunity to bring together people from around the world and to combine business with pleasure by practising our favourite sport, attending the symposium and celebrating.”

PARTICIPATIONS

“We don't compete against each other, we compete with each other, a tennis player once said. So I caught the MEDIGAMES bug in Garmisch in 2008, which has turned into a chronic condition with 15 flare-ups so far. Meeting friends from previous years and making new friends from all over the world is very rewarding. The presentations at the symposium often provide me with new information. It is clear that the MEDIGAMES virus affects both body and mind, and I do not expect a cure any time soon.”

PARTICIPATIONS

“The MEDIGAMES are not just competitions for me. They are a way of life. Throughout the year, I exercise regularly and maintain my weight so that I can participate in the MEDIGAMES. Today, the Medigames are an integral part of my life. I live to participate in the MEDIGAMES.”

People will forget what you said, they will forget what you did, but they will never forget how you made them feel at the MEDIGAMES. My team and I have participated in 3 MEDIGAMES.

**Valerij
YUSUPOV****Uzbekistan****2****PARTICIPATIONS**

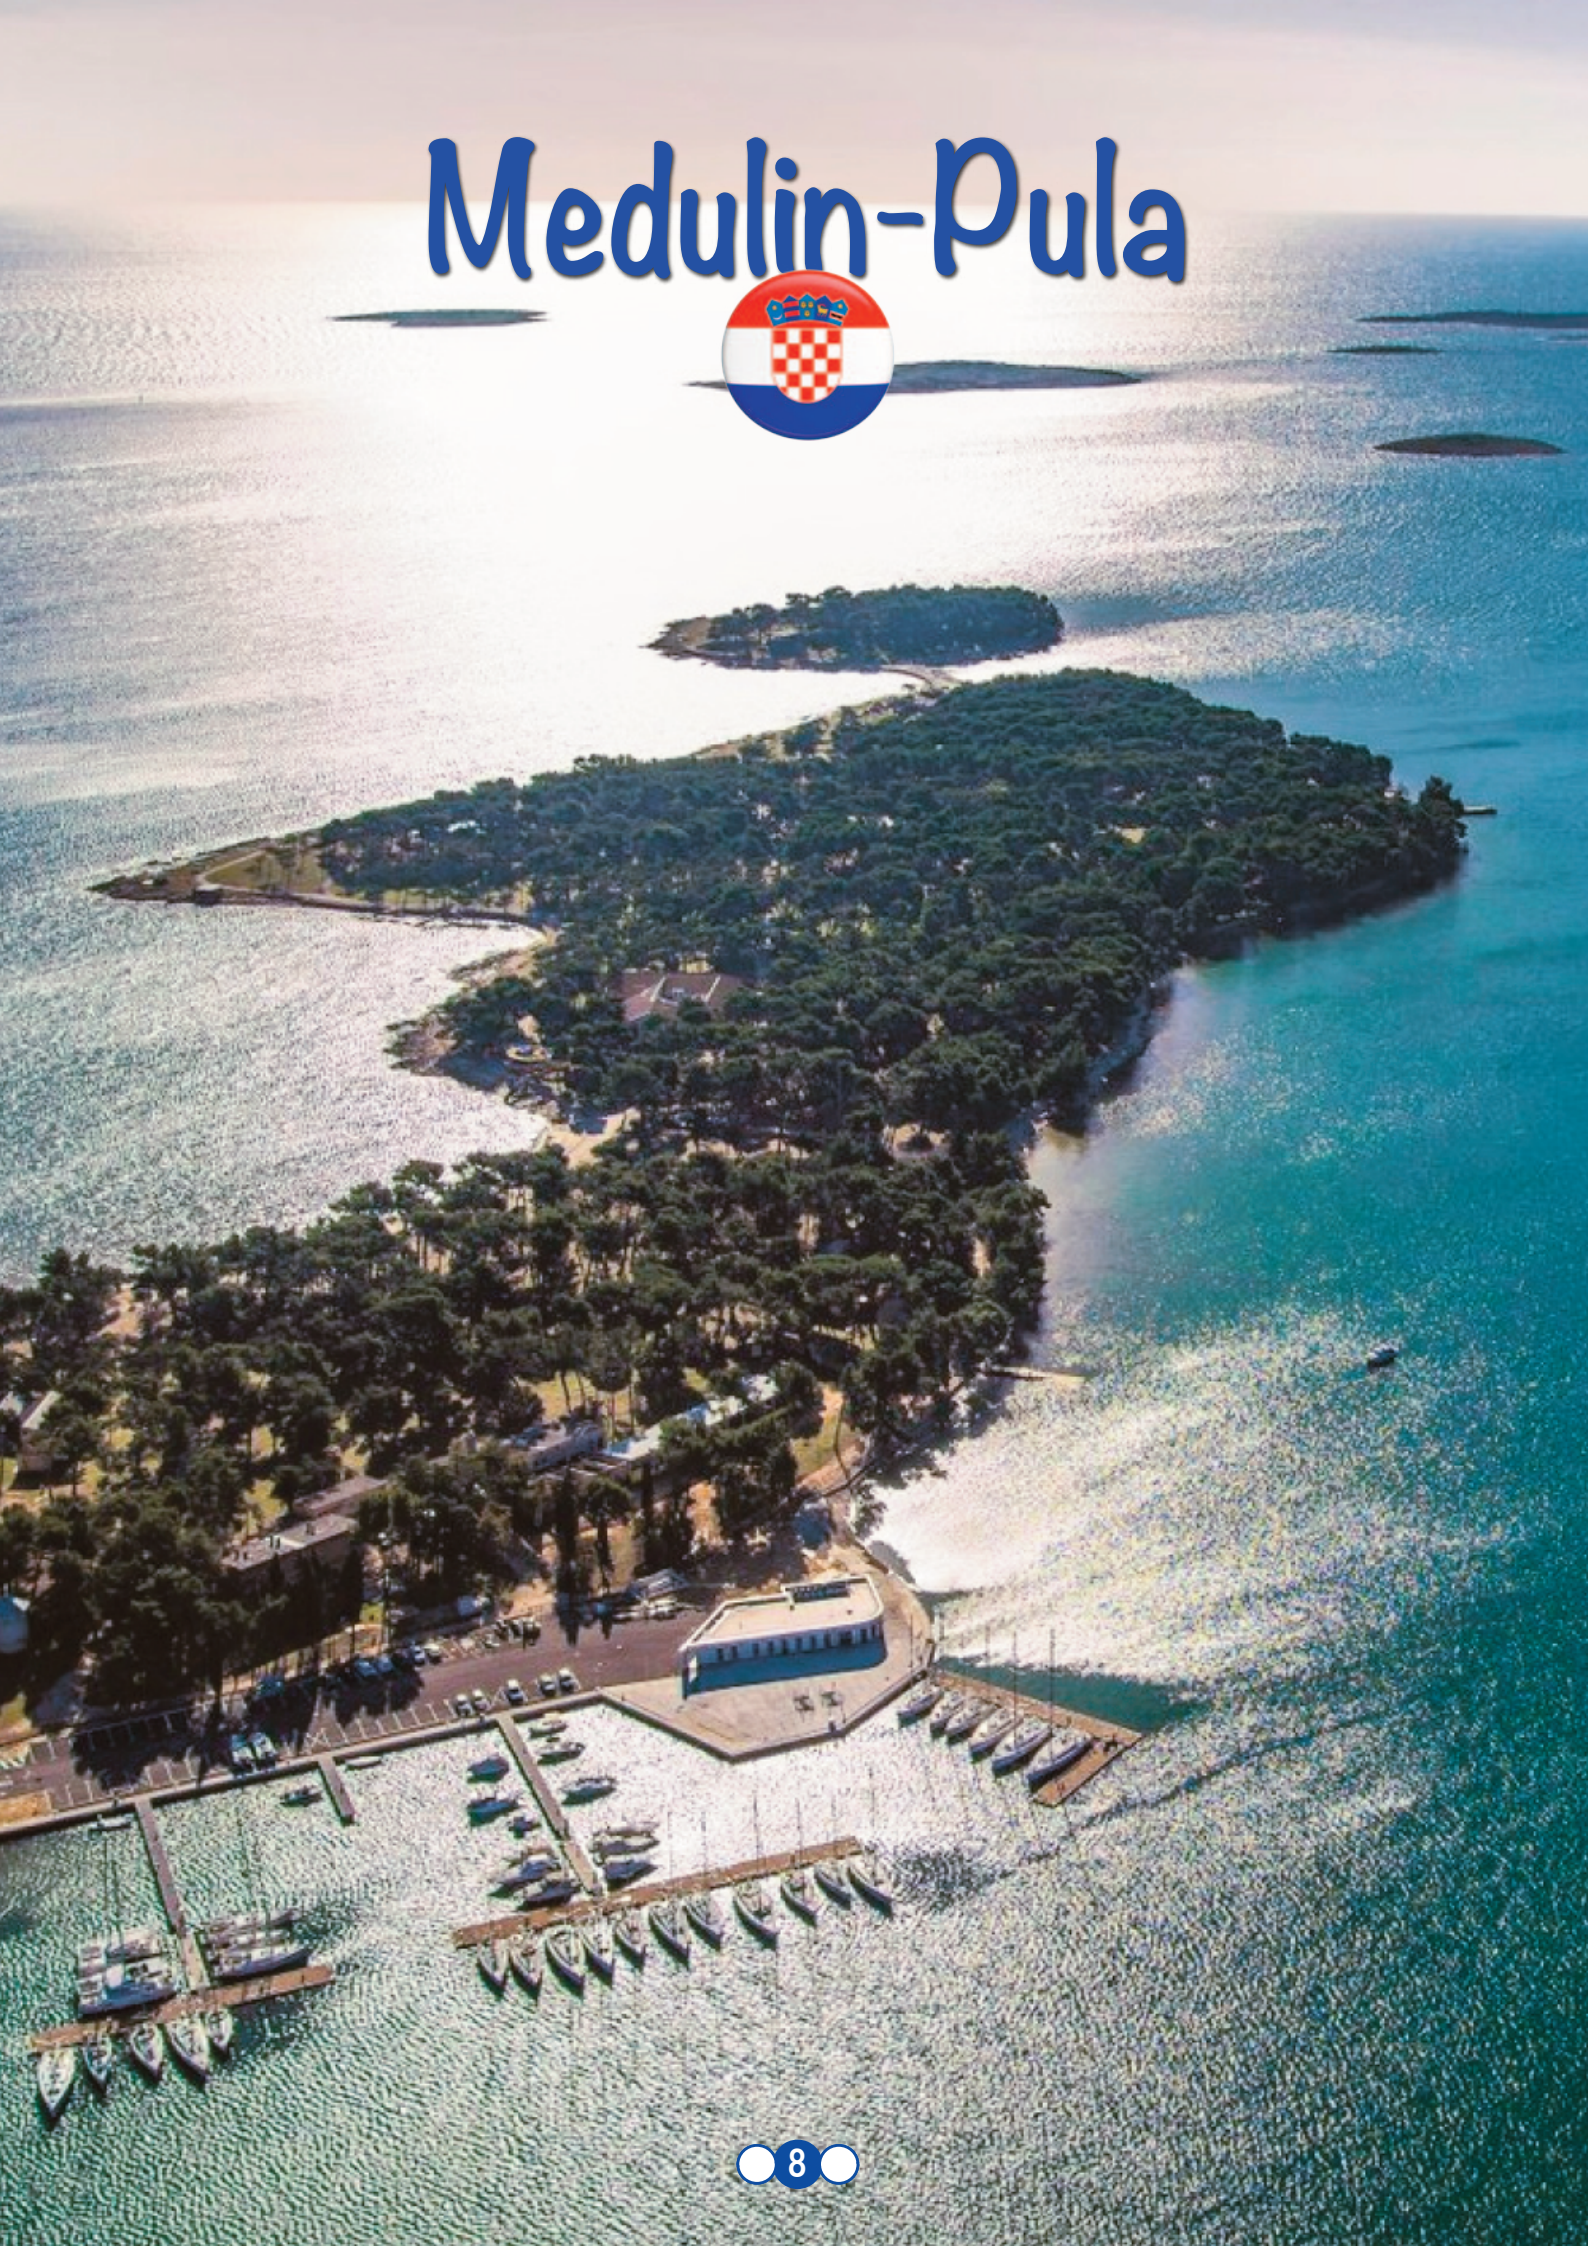

For me, MEDIGAMES is a wonderful event that, above all, brings together people who have a lot in common: a love of medicine, a commitment to health and a passion for sport. It is a meeting place for colleagues and friends from different parts of the world, creating a unique atmosphere where we can share our values and experiences in a spirit of healthy competition and camaraderie. So far, I have only been able to participate in two editions, but I hope to continue doing so, as each occasion reminds me how much I enjoy this type of activity. Thank you, Medi-friends!

**Marina
BAGLIONI****Argentina****2****PARTICIPATIONS**

For me, the MEDIGAMES have been a global arena where I have been able to test my limits against competitors from all over the world, people who share the same passion, the same discipline and the same spirit. Over the years, many competitors have become close friends, even family members, united by this incredible experience. The most inspiring thing is to see the inexhaustible energy of older athletes, who prove year after year that age is just a number and that vitality, fitness and joy are goals to pursue throughout life.
