Welcome to **La Nucía,** City of Sport

For La Nucía, it is an honour, a challenge and a great responsibility to host Medigames 2027, the 46th World Medical and Health Games, which will bring hundreds of doctors to our town for one intense week.

We would like to thank the Medigames for choosing La Nucía. It is rare for such a small town to have the opportunity to host an international event of this scale. When we in La Nucía decided to invest in sport, with the goal of becoming "La Nucía, City of Sport", we never imagined that we would become a destination for sports and health tourism, attracting international events such as Medigames 2027.

We hope that all participants will enjoy our sports facilities throughout the various competitions, and that they will take the opportunity to discover La Nucía: its historical and cultural heritage, with its century-old public wash houses, the parish church, the two chapels and spectacular viewpoints such as Mount Calvario. Not forgetting our network of trails, our mountains and the extraordinary natural setting in which we live, as well as the coastline and beaches of the region. We live in a privileged place, where every day the mountains plunge into the sea.

The climate and landscape of La Nucía, together with our excellent modern sports facilities, make our town, our region and our province an ideal place to practise sport all year round. More than 450,000 square metres of sports facilities await you in La Nucía – a figure that will double in the coming years thanks to our plans to make the town one of the "largest sports cities in Europe".

But as with everything in life, the best thing is to discover them and enjoy them for yourself. I hope you will all have a wonderful experience in La Nucía at Medigames 2027, in every respect.

To conclude, I would like to make a confession: I am a general practitioner by profession, currently on leave to devote myself to my duties as mayor.

From one doctor to many.

Welcome to La Nucía – enjoy your stay and good luck in the competition!

Mayor of La Nucía

Dear friends,

Welcome to La Nucía, the European City of Sport!

After a fabulous edition on the Adriatic coast in Croatia, we are delighted to invite you to La Nucía, on Spain's Costa Blanca, to celebrate together the 46th edition of the World Medical and Health Games.

If there is one thing that sets La Nucía apart, it is its sporting spirit! Recognised as one of the most modern sports complexes in Europe, the Camilo Cano centre offers top-quality facilities (football, tennis, athletics and more), which have enabled the town to host numerous national and international competitions.

There is no doubt about it: the town known as the "City of Sport" is a true paradise for athletes. We could not have dreamed of a better place to host this next edition. Far more than just an event, the MEDIGAMES are above all a unique experience celebrating sport, health and friendship. It is a time for exchange, for meeting and for sharing with peers from all over the world – a week that promises great emotions, both on the field and off it.

We can't wait to see you!

The whole CSO team joins me in inviting you to Spain next June to share an unforgettable week together.

La Nucía

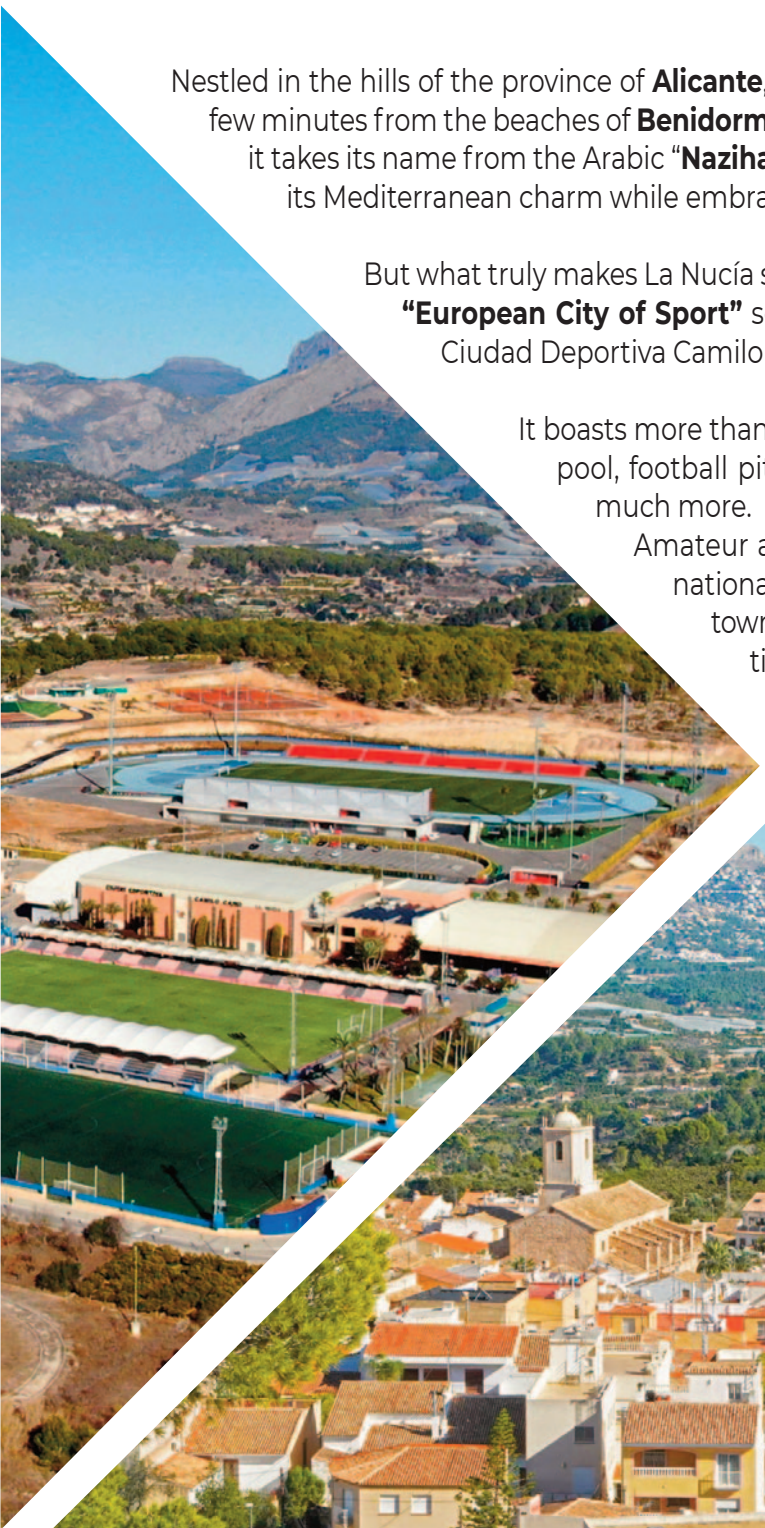

European City of Sport

Nestled in the hills of the province of **Alicante**, between the sea and the mountains, **La Nucía** is just a few minutes from the beaches of **Benidorm** and **Altea**. Once a land of almond, olive and citrus trees, it takes its name from the Arabic "**Naziha**", meaning "**delightful**". The village has kept its soul and its Mediterranean charm while embracing a modern, cosmopolitan way of life.

But what truly makes La Nucía stand out is sport, which has become its identity. Named **"European City of Sport"** several times by ACES Europe, the town is home to the Ciudad Deportiva Camilo Cano, a recent, high-quality sports complex.

It boasts more than 60 facilities: an Olympic athletics stadium, a swimming pool, football pitches, tennis and padel courts, a multi-sports hall and much more.

Amateur athletes, young talents, professional athletes and international teams train side by side here all year round, while the town regularly hosts major national and international competitions.

For this 46th edition, the golf competition comes to the prestigious Melia Villaitana Golf Club, an architectural masterpiece shaped by Nicklaus Design, the renowned firm of the legendary Jack Nicklaus.

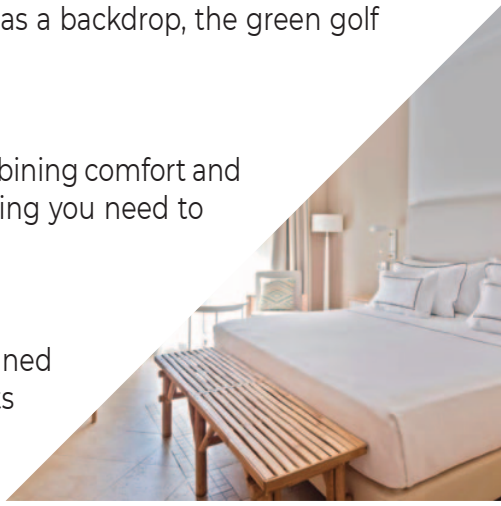

Set in an exceptional natural landscape, the club features two 18-hole courses, Poniente and Levante, suited to amateurs and professionals alike.

Meliá Villaitana also includes a hotel resort, with a 4-star hotel and a 5-star luxury section, designed like a traditional village on the Spanish coast. Golfers can therefore stay right next to the competition venue, while being just 15 minutes by car from the Games Centre.

Hotel Melia Villaitana

Located 15 minutes by car from the Games Centre, the Melia Villaitana resort is based on a "two hotels in one" concept: a 4-star section (Hotel Melia Villaitana) and a 5-star luxury section (The Level at Melia Villaitana).

This accommodation is ideal for golfers, as the courses are right at the foot of the hotel. Non-golfing participants can also enjoy this hotel: shuttles will be provided to take them to the sports facilities and their competition venues.
Designed as a traditional Mediterranean village on the Spanish coast, the resort offers a timeless escape: a relaxing stay under the blue skies of the Costa Blanca, with the mountains as a backdrop, the green golf courses all around and the sea on the horizon.

Hotel Melia Villaitana ★★★★

A friendly and elegant hotel with a Mediterranean atmosphere, perfect for combining comfort and relaxation. Its spacious rooms, swimming pools and restaurants offer everything you need to make the most of your stay.

The Level at Melia Villaitana ★★★★★

The resort's premium area, designed for an upscale experience. It offers refined rooms and suites, personalised service and exclusive amenities for participants looking for an exceptional stay.
